IMPORTANT SAFETY RECALL INTERIM NOTICE 15509

JUNE 2015

Dear INTERNATIONAL® Customer,

This notice applies to your vehicle identified on the enclosed card. This notice is sent to you in accordance with the requirements of the National Highway Traffic Safety Administration and the Motor Vehicle Safety Act.

Navistar has decided that a defect which relates to motor vehicle safety exists in certain 2011 thru 2015 DuraStar®, ProStar®, TranStar®, WorkStar®, 2012 thru 2015 TerraStar®, and 2013 thru 2015 LoneStar® model trucks built 20 January 2010 thru 10 March 2014.

REASON FOR THIS RECALL

A jump start or electrical load dump event could result in an overvoltage condition of the cab linear power module (LPM) which is used to control the cab heater/air conditioning blower motor speed. The overvoltage condition could eventually result in overheating of the LPM circuit board.

RISK TO MOTOR VEHICLE SAFETY

Overheating of the LPM circuit board may cause a vehicle fire resulting in property damage or personal injury.

ACTIONS YOU SHOULD TAKE

A remedy has been developed. However, repair parts will not be available until early August. When parts become available, you will be notified of additional actions you should take.

During the interim period to reduce risk of damaging LPM, turn blower controller off (or remove fuse) during jump starts or any time the battery is disconnected.

If you do experience a condition where the cab HVAC blower motor goes to high speed and cannot be shut off with the control or when the ignition is turned off, stop the

vehicle and remove the fuse to the cab HVAC blower motor to avoid the risk of fire.

You can find your nearest dealer by calling 1-800-448-7825 or by using the dealer locator at <http://www.internationaltrucks.com>.

If you are the lessor of this vehicle, please forward a copy of this notice to the lessee within ten days to comply with federal regulations.

If you do not own this vehicle, please fill out and return mail the enclosed card so that you will not be contacted again about this recall.

IF YOU NEED FURTHER ASSISTANCE

If you believe that Navistar has failed to remedy the defect without charge or within a reasonable time, please follow the procedure described in the Owner Assistance Guide section in your Owner's Manual or call toll free 1-800-448-7825.

Navistar requests your prompt attention and patience regarding the correction of this defect and apologizes for any inconvenience this may cause you.
